REMARKS

The claims were subject to a restriction requirement. The specification was objected to.

Under 35 USC § 102(b), claim 8 was rejected as anticipated by <u>Sekine et al</u> (US Pat. No. 6,495,914).

20

Claims 1-3, 5-7, and 9-19 were allowed. Claim 4 was objected to as being dependent upon a rejected base claim, but would be allowable if rewritten or amended to overcome the claim objection.

The specification and claim 4 are being amended to overcome the objections. Applicant apologizes for his typographical errors that are being corrected in this amendment.

Restriction / Election

The application was subject to a restriction requirement. Applicant affirms his election of group I, claims 1-19 and withdraws his traverse. Applicant is canceling claim 20 as being withdrawn by the Examiner since claim 20 belongs to non-elected group II.

In view of the above, it is submitted that claims 1-7, 9-19, as amended, are in a position for allowance. This application was filed with <u>formal</u> drawings that have not been amended. Applicant believes that a full and complete response to the office action has been made. Reconsideration and re-examination is respectfully requested.
